MammothHD-2

Let's make it better together

Highly powerful hydraulic 180° gate closer

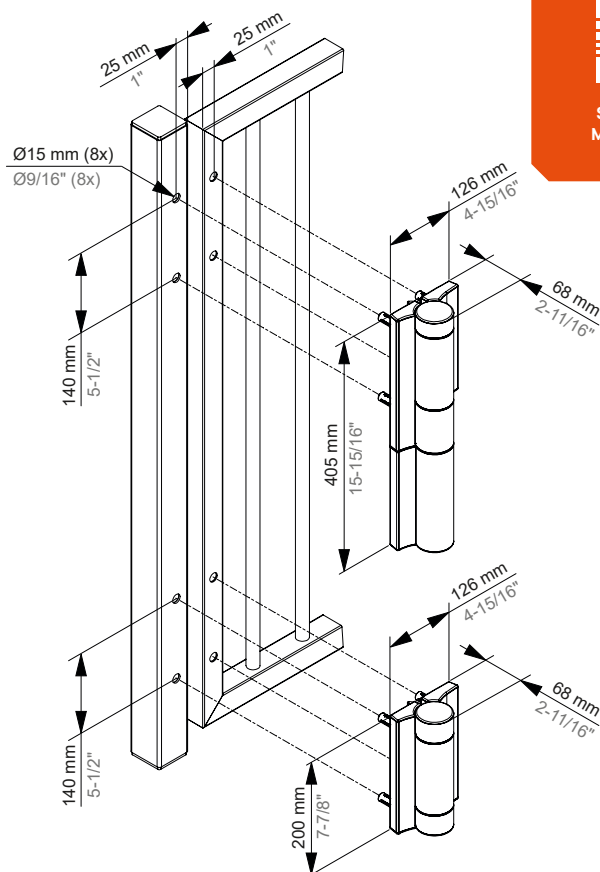

This heavy-duty gate closer and hinge in one is fit to close the heaviest gates. The hydraulically damped Mammoth in combination with the powerful self-closing Raptor hinge is the perfect solution to close gates up to 200 kg and 2000 mm wide.

MammothHD-2

Highly powerful hydraulic 180° gate closer

Both hinges are equipped with double bearings which guarantee an extremely smooth functioning. The Active Thermal System guarantees a constant closing speed, unaffected by weather conditions. The Raptor hinge is included.

What makes it special?

- Closing speed unaffected by temperature changes
- Vandal-proof
- For left & right turning gates
- 2-dimensionally adjustable (2 × 20 mm)
